OVERVIEW

The II Far Gone sound is unpredictable, nostalgic, and refreshing. Their musical influences include Run DMC, Outkast, Twista, Prince, Digital Underground and Tupac. Their sound is a combination of Chicago flavor with Mississippi soul fullness. The New album "Domestic Damage" is another hip hop classic. It consists of club bangers, lyrical masterpieces, bass knocking trunk shakers, as well as heart touching sentimental hits. The sound is "II Far Gone" and the competition needs to catch up.

ARTIST BIO

II Far Gone is the perfect example of a hip hop group that follows old school principles with a new school vibe. Da Masta and Da Ace Man came together in 1995 to create a sound that represent their love and passion for hip hop and their communities. Da Masta is from Kankakee, IL. Da Ace Man is from Starkville, MS. In 1996 they released their first album, "No Way Back." The album did well in Central Illinois and in Mississippi. Thanks to the help of Twista, II Far Gone built a cult fan base from opening up for him. Ten years later, II Far Gone has released five remarkable albums. Now based in Columbus, OH, II Far Gone has continued to broaden their fan base throughout the Midwest.
